VOLUME CVIII.--NO. 58. ALEXANDRIA, VA., FRIDAY EVENING, MARCH 8, 1907. PRICE 2 CENTS.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed *free* to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

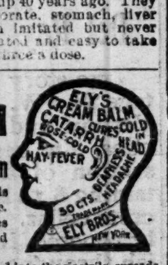
The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it *in a class all by itself*, leaping as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowles and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

Nasal CATARRH

In all its stages.

Ely's Cream Balm



cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

ELY BROTHERS, 56 Warren Street, New York

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 cents and $1.00.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Perkins Reimburses Company.

George W. Perkins, former first vice president of the New York Life Insurance Company, and now a member of the firm of J. P. Morgan & Co., has sent to the New York Life his personal check for $54,019.19 to reimburse the company for the republican campaign contribution made from its funds in 1904, in connection with which Mr. Perkins recently was made defendant on a charge of larceny. Announcement of the restitution of the principal of $48,500 and interest to date was made yesterday by President Alexander E. Orr, of the New York Life, to whom Mr. Perkins on Wednesday, before leaving on a trip to the South addressed a letter inclosing the check. President Orr also gave out the letter.

In it Mr. Perkins declares that in dismissing the criminal proceedings against him the court intimated that the campaign contribution was not of proper corporate purpose. He again asserts that he was acting upon a request of the then president of the New York Life when he advanced the money for the campaign contribution in 1904; and says that when the then president of the company reimbursed him there was no thought on the part of either of any personal advantage, but a belief that they were "acting for the best and broadest interests of the policyholders, both at home and abroad."

Contributory Negligence.

Officials of the Interstate Commerce Commission say that the decision of the U. S. Supreme Court on Monday in the Schlemmer case is a great victory for the railroad employees of the country. Catharine Schlemmer sued to recover damages for the death of her husband while a brakeman on the Buffalo, Rochester and Pittsburg Railroad Company. Justice Holmes, of Pennsylvania, had handed down an opinion that Schlemmer had not been killed by contributory negligence in attemping to fasten two cars equipped with old fashioned socket couplers.

Through a decision of the U S. Supreme Court the theory of "contributory negligence" does not apply even though the employee has knowledge of the danger in coupling cars, providing he is not bent on suicide. The federal laws grant him this protection, and the decision of the Supreme Court of the United States to take jurisdiction of the cases is taken by the Interstate Commerce Commission to mean that State courts that have decided against the employees will no longer have an opportunity to stand in the way of damages being secured from railroads by persons injured in operating dangerous appliances.

To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough an drives out the cold. Sold by W. F. Creighton & Co., 401 King street.

To Offset Christianity.

Is the Empress Dowager of China attempting to check the spread of Christianity, and perhaps Buddhism, by making Confucianism a more vital force in Chinese society?.

Secretary Root yesterday made public a letter from W. W. Rockhill, American Minister to China, transmitting three significant Imperial edicts which are interpreted by the American diplomatic representatives at Peking in that light. One of the edicts, dated December 30, 1906, raises the rank of Confucius in the national Pantheon and directs that the highest form of state worship be rendered to his spirit. The second edict, dated January 6, 1907, authorizes the creation of a college at Chefu, in Shantung, the sage's birthplace, for the study of his teachings. The third directs that special attention be paid in all the schools to the teaching of Confucian ethics.

The winds of March have no terror to the user of DeWitt's Carbolized Witch Hazel Salve. It quickly heals chapped and cracked skin. Good too, for boils and burns, and undoubtedly the best relief for Piles. Sold here by W. F. Creighton & Co., 401 King street.

Wants Bacon Dismissed.

President Roosevelt will be placed in an embarassing position when he receives the petitions in circulation requesting him to dismiss Assistant Secretary of State Robert Bacon, because the latter was one of the guests at the "Girl in the Pie" dinner given in New York by Stanford White some years ago. The fact that Bacon was one of the guests at this dinner was brought out in the Thaw case. Since this fact became known, ministers throughout the country have made requests that Bacon be removed. Mr. Bacon is one of the closest friends of the President.

Piles of people have Piles. Why suffer from piles when you can use DeWitt's Carbolized Witch Hazel Salve and get relief. Nothing else so good. Beware of imitations. See that the name is stamped on each box. Sold by W. F. Creighton & Co., 401 King street.

Found Wife Murdered.

When he returned from his office in St. Louis last night, Herman W. Quernheim, president of the Quernheim Hardware Company, stumbled over the lifeless form of his wife in the front hall of his residence, on Vesta avenue, one of the fashionable residence streets, of St. Louis. Mrs. Quernheim's throat had been cut, she had been shot once, and her body had been brutally torn and bruised. Scattered about the floor were numerous jewels and several hundred dollars in currency. The only thing that was missing was a pair of diamond earrings, which had been torn from the dead woman's ears. Nothing has been learned as to the identity of Mrs. Quernheim's assailant.

Against the Law to Shoot Robins.

The "open" season for robins in Virginia ended February 28. The closed season began March 1, to remain closed until December 15 next. It is unlawful to shoot robins until December 15 next. This statement is made by Major L. T. Christian, of Richmond, secretary of the State Game Protective Association.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, MAR. 8, 1907.

ARCHIE, the little son of President Roosevelt, is causing his parents anxiety. The boy contracted diphtheria a few days ago, and up to yesterday evening there was every reason to believe he was rapidly convalescing. At that time heart trouble—a dangerous phase of the disease—set in, and Surgeon General Rixey and a physician from New York were hastily summoned. Under heroic treatment the little fellow rallied, and his condition is thought to be favorable, although the fate of the child will for some time be uncertain. In the meantime the President and his family are passing through an ordeal which can only be understood by others who have been harnessed with the affairs of life and at the same time anxious concerning members of their households. At times shadows settle over us all whether we be in high or low stations in life. One of Franklin Pearce's sons was killed shortly after he was elected President; one of Abraham Lincoln's sons died in the White House and Grover Cleveland had left it but a short time when "baby Ruth," who had been born in the White House, sickened and died. The President and his household have the sympathy of the people throughout the country during their ordeal, and it is earnestly hoped that the child will speedily recover.

THE agents of the lumber trust say that the effect of the President's action in reserving great areas of timbered land from sale or settlement will operate to the advantage of the trust by further restricting the available domestic supply of lumber and facilitating a consequent increase of prices and profits. This is quite possible, but it is not so good an argument against the creation of forest reserves as it is against the indefensible duty on imported lumber. The true way to cut the claws of the trust, says the Philadelphia Record, is to repeal the tariff duties under the shelter of which it robs the consumer.

WHILE in Washington yesterday Mr. J. F. Ryan, one of the candidates for Congress for this district, was asked: "Do you agree with Judge Nicol as to the expediency of selling the Philippines?" His reply was: "I have not seen the judge's statement in regard to that, but I would be willing to go him one better and give them away, if that be the only method of separating ourselves from the colonial policy." Mr. Ryan is dead right on this score. The loss of men and money sustained by this country since Spain unloaded the Philippines is appalling. Surely the United States was "gold bricked" by Spain in the Philippine transaction.

GEORGE W. PERKINS, former first vice president of the New York Life Insurance Company, in a fit of conscience, or fear of jail, has sent to the New York Life his personal check for $54,019.19 to reimburse it for the republican company's contribution he made of the campaign's money in 1904. He says his contribution to the republican fund was made "in the interest of the policyholders," but the latter didn't see it in that light.

IN THE discussion of presidential possibilities and presidential booms Senator John T. Morgan, of Alabama, declares himself unreservedly for the nomination of Judge George Gray, of Delaware, for the presidency by the democratic national convention next year. In his opinion Judge Gray is the one man who can unite the democratic forces and lead them to victory. Senator Morgan is not alone in his opinion.

THE BILL providing for compulsory publicity in political finance and restraining corrupt practices was one of the bills that was not acted upon by the Fifty-ninth Congress. There was not energy enough behind presidential urging to secure its passage. The next Congress and the next president will be chosen as the last Congress and the last president were chosen. Cold cash brings about conviction where cold reason fails.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, March 9.

Archie Roosevelt was reported to be better this morning. At 8:30 Dr. Lambert who had been with Archie all night left the sick room and said: "Archie is all right. He is stronger and doing very well indeed." The fact that President Roosevelt visited Archie who is suffering from diphtheria will not prevent him from attending to his official duties or from meeting visitors who call at the White House, The President had been with the patient frequently, exercising the same precautions as the physicians as to infection. When Dr. Lambert left the White House at 1:50 p. m. he announced that Archie Roosevelt's condition was very satisfactory. "He is conscious and as bright as you and I," was the way he put it.

In spite of the fact that Archie Roosevelt is still far from out of danger and the diphtheria placard is likely to remain on the wall of the apartment occupied by the patient for some time to come, the President attended to his usual duties this morning. He received a number of callers during the morning hours and at 11 a. m. convened the regular semi-weekly Cabinet meeting. Although the President was awake most of the night he appeared very cheerful and looked none the worse for his vigil today.

Senor R. Pina y Millet, the new Spanish Minister to this country, arrived in this city last night and today assumed the duties of his important diplomatic office. In his own country Senor Pina y Millet is an exceedingly popular man, and he has announced already that he intends to do his utmost, during his stay in the United States, to cement the old bonds of friendship which existed before the Spanish war of 1898. "Please do not think me irreverent, but if Admiral Dewey won his victory over the fleet of our navy in Manila Bay by Divine aid, I think it must have been the God of War who assisted him—the aid that iron and steel gave him in conquering wood," said Senor Pinay y Millet when seen at his hotel this morning. He only consented to speak of the past when his attention was called to Admiral Dewey's remarks that he had had Divine aid in his fight in Manilla harbor. "But all of that is of the past, and why dig up the past?" continued Senor Pina y Millet. "I have not come here to remind the American Government that it defeated my county in war. Instead I have come on a mission to help both countries live down the unpleasant past. Friends once, for a long time; then enemies, for a short time. But now, I am most happy to say, we are friends again and, we in Madrid trust that we shall always remain friends. My mission is to help cement these ties of friendship; to make them stronger and more lasting Spain and the United States should be friends and I believe permanent friendship is assured. There are now no differences between us and I sincerely trust that there never will be any. It will be my main effort to strengthen the friendly relations in every way."

The West Virginia debt matter will come up for argument before the Supreme Court on Monday next.

Officials here are anxious to know whether the republican national committee will reimburse G. W. Perkins for the $54,019 which he has just turned over to the New York Life Insurance Company in restitution for the amount which he contributed to the republican campaign fund in 1904. The committee is understood to have considerably over $100,000 of unexpended funds in its treasury. As it was the beneficiary of the illegal diversion of the money of the New York Life, its members may feel impelled to reimburse Perkins. What effect the action already taken will have upon the pending suits by the Mutual Life against former President McCurdy and former Vice Presidents Gillette and Grannis to recover campaign contributions made by them is already a subject of interest. The defendants may decide to follow Mr. Perkins's example. It is understood that their subscriptions amounted to several hundred thousand dollars. If the republican national committee were to be called upon to reimburse these gentlemen it might find its treasury drained and in debt, which would be a trying situation.

Engagement Imminent.

San Salvador, March 8.—Another engagement between Honduran and Nicaraguan troops is expected shortly following the arrival of advices today stating that President Bonilla of Honduras is personally leading an army pursuing a scattered force of Nicaraguans.

Today's dispatches put a different light on the fight near Namasiquo when it was reported that the Nicaraguans had won a victory. The message from President Bonilla shows the Hondurans really won a victory. Bonilla is now pursuing the remnants of the Nicaraguan force. As a Nicaraguan army is reported to be in that neigborhood a general fight is expected.

The National Assembly here has decreed Salvador in a state of siege so that it will be prepared to meet any emergency.

Murder Caused Trouble.

Chicago, March 8.—Murder today in the Black Belt brought in its wake threat of race riots and caused the police uneasiness. Kalel Howat, a Syrian, precipitated the trouble when he shot and killed Fannie Thomas, a mulatto, toward whom he was attentive.

The Syrian found the young woman standing before her home in conversation with Wm. B. F. Franklin, a negro. Standing over the body after the murder Howat opened fire on Franklin, inflicting a mortal wound. Angry negroes pursued Howat, vowing vengeance, but he eluded them.

When the police arrived the place was surrounded and threats were made to exterminate the entire Syrian colony. Howat was arrested. The Thomas woman died on the sidewalk and Franklin is dying at the Provident Hospital.

Stolen Property Recovered.

St, Louis, March 8.—Detectives and police have recovered all the property stolen from Mrs. Kate Quernheim who was so brutally murdered in her home here last evening, and it is believed that the murderer will be arrested before nightfall.

A diamond eardrop that was torn from the ear of the victim as well as other property taken after the crime, was sold to a man now in the custody of the police. The purchaser is touring the city in a carriage with police in an effort to pick up the trail of the murderer.

The Absconding Treasurer.

Hartford, Conn., March 8.—It is said that when the grand jury sits next week to investigate W. F. Walker, the absconding Treasurer of the New Britain Savings Bank, for embezzlement of over $60,000. They will also be asked to indict him for forgery. It is alleged that Walker put up at different times four forged notes between February and October, 1905, aggregating $3,450 as alleged securities to make his account as treasurer of the Connecticut Baptist Association appear correct. All the notes were made payable to himself and none of them was detected.

Sir Alexander Swettenham.

Kingston, Jamaica, March 8.—Sir Alexander Swettenham, whose resignation as Governor of Jamaica, has been tendered the home government, has aroused almost as much of a storm by suggestions as to the rebuilding as he did by requesting the American warships to leave after the earthquake. In a speech to the legislative council Swettenham declared that an ideal scheme for rebuilding will be to place the prison, insane asylum and government buildings all under one roof.

Piqued because his parents chided him for some misconduct, Thomas Miller, 15 years old, went to his room in Little Falls, N. Y., this afternoon and sent a bullet through his heart.

News of the Day.

I. Freeman Rasin, the democratic leader of Baltimore, has had a relapse and is said to be in a critical condition.

Southern Railway securities were hammered on the New York Stock Exchange yesterday and other roads in the South suffered.

Officials of the Merchants' and Miners' Transportation Company in Baltimore deny that they have sold the control of that company, but admit a deal is on for a merger with the Boston and Philadelphia Steamship Company.

N. T. Maxwell, an accountant in the employ of the Southern Railway at Charlotte, was lodged in the Rowan, N. C., jail yesterday upon the charge of grand larceny. He is accused of having padded the pay rolls at Spencer, where he was formerly employed as foreman of the coal chute.

The trial of Edward A. Smith and Sumner Sargent, Charlotte, N. C., millmen, charged with violation of the immigration laws, was yesterday abruptly ended by Judge Boyd instructing the jury to find in favor of the defendants. The action was taken on motion of counsel for the government

Mayor Schmitz appeared before Judge Dunne yesterday and pleaded not guilty to the charge of extortion preferred against him by the grand jury. By agreement next Monday was set for trial. The court then adjourned until yesterday afternoon to await the report of the coroner, who had been directed to take Abraham Ruef into custody if he could be found.

The United States bonded warehouse and Miller distillery, at Yellow Springs, Hampshire county, W. Va., were destroyed by fire Wednesday, entailing a loss of more than $20,000, partly covered by insurance. All the valuable distilling apparatus in the mill plant was totally destroyed. The contents of the warehouse included more than two hundred barrels of whisky.

Archie Roosevelt, son of the President, who is ill from diphtheria, had a sinking spell yesterday evening, but was revived by the use of stimulants. Dr. Alexander Lambert, the former family physician of the Roosevelts, was summoned from New York He reached Washington at 8 o'clock last night, and went immediately to the White House, where he took charge of the case.

COURT OF APPEALS.

Proceedings in the Supreme Court of Appeals yesterday were as follows:

Town of West Point vs. Bland et als.; further argued and submitted.

Howard et als. vs. Landsberg's committee; argued and submitted.

Wood's administrator and Security Trust and Life Insurance Company vs. Schaaf et als.; and continued until today.

The next cases to be called: Wallen vs. Wallen: Mitchell vs. City of Richmond; Briggs vs. Barnett, and Foreman vs. Norfolk, Portsmouth and Newport News Company, being Nos. 54, 55, 56 and 57 on the argument docket.

The Thaw Trial.

The trial of Harry K. Thaw for the killing of Stanford White will be the longest in the history of the State of New York.

It is now 45 days since the trial began and the end is not in sight.

This is particularly remarkable since the State took but two hours and a half to present its case.

In the 26½ actual court days the official stenographers have taken down more than 800,000 words of evidence.

Delmas may read a new hypothetical question, covering the entire case, which is expected to entirely fill one of the books made up by the stenographers.

The defense had decided not to call more alienists to the stand, preferring to let the story of the mother of Thaw stand as the climax.

The decision of the defense to rest its case has caught Jerome unawares and unprepared to proceed, and may cause postponement.

Jerome will introduce many witnesses in rebuttal in an effort to break the wife's story and will make an effort to get the affidavit of Evelyn Thaw in evidence.

Mr Harriman.

"I am ready to make the advancement of a scheme of co-operation between the government and the railways my chief interest," said E. H. Harriman, president of the Union Pacific Railroad, on returning to New York yesterday from Washington. "We men at the head of great corporations are coming to a better understanding of what the government expects of us," he continued. "We are getting the point of view of the administration. I am of the opinion that the administration is beginning to realize that it has been a little too radical in its attitude toward the railroads, and I look to see its opposition take on more of the spirit of co-operation."

Continuing he said: "Railroad managers have, I am willing to admit, in the past neglected to build up a strong, harmonious relationship between themselves and with the government and the public.

"Our policy in the past has been a mistaken one, but it cannot be said that we have neglected our service to the public."

Question of Cost.

An interesting question has been raised in connection with the expense incurred by the Strother trial in Culpeper. Under the statutes of the State the costs of such a trial are assessed against the defendants in event of conviction, but in case of an acquittal the State pays the cost.

This case is on all fours with that of J. Samuel McCue, former mayor of Charlottesville, who was convicted and hanged last year. In that case the cost amounted to $3,500, while the expense of this case will amount to about $10,000, the bringing of the venire from another county being a big item. It is stated that, in addition, the trial will cost the Strother brothers nearly $10,000.

McBryde of that institution, to be transmitted to the board at its meeting next month. The resignation is effective September 1. Prof. Soule has accepted a similar position with the Agricultural College of Georgia.

Following a fall of from one to four inches of snow in Roanoke and vicinity yesterday and with freezing weather last night, there was a thunderstorm that lasted several hours. The peals of thunder were loud and long and flashes of lightning most vivid. The remarkable occurrence terrorized many of the negroes. The jury in the case of Herbert Steptoe, charged with an attack on Miss Gladys Shelton, aged eighteen, the daughter of B. R. Shelton, of Amherst county, returned a verdict of "not guilty" at about 11:30 o'clock last night. Steptoe narrowly escaped lynching several times in Amherst at the hands of a mob Steptoe was identified by Miss Shelton as being the guilty party, but the prisoner proved an alibi to the satisfaction of the jury. Judge A. M. Aiken, presiding, congratulated the jury on the verdict.

Ex-Gov. A. J. Montague left Richmond yesterday for Harvard University where he will deliver an address tonight. Mr. Montague has several times been invited to make an address at this institution, and this invitation, which comes from the Southern students there, numbering 200 or more, was very warmly concurred in a letter from President Eliot. Mr. Montague will be the guest of Professor Toy, at the Colonial Club and will be the recipient of many courtesies during his short stay, among them a lunch tendered by Dr. Toy, at which will be such distinguished men as President Eliot, Chas. Francis Adams, Dr. Ames, Governor Guild and others. A special dinner will also be given in his honor on Saturday night by the Southern Club, an organization of the Southern student at Harvard.

Italians to Checkmate Japanese.

Madrid, March 8.—In the sailing today of the steamer Heliopolis today from Malaga with 2,000 Andalusian emigrants bound for Hawaii, is revealed, according to a general belief here a plan of the United States authories to checkmate Japan in her apparent scheme of colonizing the Hawaiian Islands with Japanese. The 2,000 Andalusians shipped today for the islands are only the advance guard of emigrants who will be sent to the islands. Other shippings have already been arranged for. It is stated the Washington authorities are encouraging this emigration with the hope of filling the islands with white settlers.

President Mellen Wins.

Boston, March 8.—President Mellen, of the New York, New Haven and Hartford Railroad, won the first round of his bout with Charles W. Morse for control of the Atlantic coast steamship lines when he acquired control of the Boston and Philadelphia steamship company. One of the most terrific battles between two great rival companies that ever has been seen in the East, will, it is expected, open in New Haven tomorrow when the meeting of directors of the road of which Mellen is the head will take place and the battle plans will be made.

A Fatal Mistake.

St Louis, March 8.—With the remark "Here's to your health," Louis Schreir, a druggist, swallowed about an ounce and a half of carbolic acid last evening thinking it was whisky. According to a friend whom he invited to join him in a drink, he tried in vain to reach a shelf on which a bottle of olive oil stood, but fell before he could reach it and died in three minutes.

Argo Red Salmon can be prepared in nearly a hundred different ways. It is one of the most nutritious and healthful foods sold. 15 cents a can at all grocers.

New York Stock Market.

New York, March 8.—The market was swamped with selling orders at the opening and there was at the same time an absence of support around yesterday's closing quotations forcing sellers to make concessions and causing renewed weakness and increased fear of some unknown trouble. After the first few minutes supporting orders appeared on the floor from strong banking and corporation interests, and stocks were taken as offered until the demand exhausted the pressing supply and started a sharp upturn. Already losses were recovered and some issues showed material gains.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Today's Telegraphic News

The Thaw Trial.

New York, March 8.—An adjournment until Monday was granted at the request of the District Attorney in the Thaw trial two minutes after the opening of court today. Delmas had just announced officially that the defense rested its case. He agreed to the adjournment.

When Thaw's trial was resumed today, after yesterday's recess, it was with every prospect of a bitter fight between the opposing lawyers. The sudden and unexpected move of the defense in sending word late yesterday afternoon to Jerome that it would rest its case with Mrs. William Thaw as the final witness, had taken the district attorney completely off his feet.

Jerome before court opened frankly admitted he was surprised He was not even sure the defense would stick to this plan, and would not outline what he intended to do until he heard the announcement in court.

As he looked for the examination of experts to continue several days, Jerome was not prepared fully to begin his rebuttal He was prepared to ask a continuance until Monday to get his case ready. Delmas, on the other hand was just as determined to oppose this and force Jerome to begin his counter-attack at once.

Justice Fitzgerald in his ruling on Mrs Thaw's testimony in substance held that Thaw's present sanity is not in issue.

It is believed this had something to do with the change of front of the defense. Believing they had proved the prisoner insane at the time of the tragedy and through the judge's ruling being relieved of the necessity of proving him sane now, it was decided to rest.

Jerome has expressed his willingness to meet the issue of freedom or death for Thaw, declaring that on the evidence as it is now in he will send the case to the jury and not ask for a lunacy commission

According to a report in criminal court building today Evelyn Nesbit Thaw will be recalled to the stand early next week as a witness for the State. She cannot be used in rebuttal of her own testimony, but will be asked to introduce certain letters. It is said at the office of the District Attorney that May McKenzie will be the first witness called on Monday.

In case of the acquittal of Thaw, it is stated a verdict could be returned in one of three forms:

First—Not guilty; second—not guilty on the ground of insanity at the time of the act; third—not guilty on the ground of insanity.

On either of the first two forms Thaw would be set free. With a verdict of the third form, Thaw would be left in the custody of the court and it would become the justice's duty to commit him to an asylum. Before determining the institution of confinement, the court could confer with Thaw's family as to the best place to send him.

Evelyn Nesbit Thaw was served this afternoon at the Lorraine Hotel with a subpoena duces tecum. It is supposed the writ commands her to produce in court any letters written her by Stanford White, she may now have as well as certain other papers District Attorney Jerome wants introduced in evidence.

An Incident in the Thaw Case.

London, March 8.—Reference made today by the society newspaper, The Throne, referring to the fact that a secretary of one of the important embassies in London has been involved in a great scandal and calling on him to resign his position, has caused a sensation here.

While no name is mentioned, and the embassy is not mentioned, the article is generally understood to refer to the unnamed secretary of the American Embassy who Evelyn Thaw testified had annoyed her mother in London in 1903. It was to make this man stop his annoyances that Evelyn declared the cablegrams were sent to Stanford White from Boulogne, asking him to use his influence to see that Mrs. Nesbit was left alone.

Under the heading "An Embassy Scandal," "The Throne" says:

"The association of the name of the secretary of one of our most important embassies with a great social scandal cannot be allowed to rest. Neither the King of England, nor the head of this man's country can allow such conduct to be tolerated, no matter how rich and influential his mother may be. That a man acting in an official capacity should so take advantage of his position and go unpunished is enough to make every father, mother and husband shudder. The great colony among us, to whom this man belongs, knows his name, and it is for him to recognize his position and go home. If he does not, his ambassador must act, and if the ambassador hesitates, his master should withdraw him. It is idle to suppose the matter will blow over."

Kidnappers Demand Ransom.

Dover, Del., March 8.—Dr. Marvin of Kitts Hammock, whose four year old son disappeared last Monday, is in receipt of a letter from the kidnappers of his child, according to a rumor in circulation here today. It is said the letter demands a big ransom and the withdrawal immediately of the rewards for the kidnappers. It is said the child is quite safe but the letter contains a veiled threat of what will happen to him if the money is not forthcoming.

Much mystery attaches to the letter. Dr. Marvin denies having received it, and the police decline to discuss it. There is the best of reason for believing, however, that the letter has been received, and that the police are working to trace it before any publicity is given the matter.

It is said the kidnappers are now in hiding in New Jersey.

Douma Officers.

St. Petersburg, March 8.—The voting on the elections of officer of the lower House of the Douma today showed that the constitutional democratic majority remains solid. Beresine, a laborite from Saratoff, and Poznansky, an independent member of the left, from Khirkoff, were elected vice-presidents and Tchilsoff, a constitutional democrat from Moscow, secretary.

To Indict Railroad Officials.

New York, March 8.—An indictment for the thirteen multi-millionaires, officers and directors of the N. Y. Central Railroad, held by Coroner Schwenneks to be responsible for the recent Bronx wreck of February 16, in which 28 lives were lost, will probably be asked next Monday when Assistant District Attorney Smythe will take the case before the grand jury. In a statement today explanatory of his paroling the New York Central officials in the custody of their counsel, Assistant District Attorney Smythe said that no bond had been asked for the reason that it would have been furnished by the central in any amount, and would under no condition have tended to keep the men within the jurisdiction of the court had they chosen to leave.

Missionary Home to be Investigated.

Alliance, O., Mar 8.—The township authorities are planning to take steptoward an investigation of the missionary home of Rev. Levi Lupton, head of the "Gift of Tongue" sect. Their decision was induced by the case of a young girl from the home found on a street car yesterday apparently demented. A guard of several men from the home took the girl back. The hall in Beloit in which Rev. Lupton has been holding meetings was stoned by a mob last night while the meeting was in progress. As far as can be learned, there are now 20 women in the missionary home and about four men. Lupton claims that the gift of speaking strange tongues is conferred on his converts.

Fire and Probable Loss of Life.

Kalamazoo, Mich., March 8.—It is feared two lives were lost in a fire which destroyed the Hotel Burdick block today, damaged the hotel and destroyed two adjoining buildings. It is reported that Nora Shouse and Nannie Karues, chambermaids, are missing.

Thirty-two guests in the hotel were rescued by Frank Robinson, hotel clerk. Robinson gave the alarm, and, groping his way through the smoke-filled corridors, guided the guests out. The fire is now under control. The damage to the hotel is estimated at $10,000. The loss of the Empire Restaurant is $5,000 and to the Star Novelty Stores $60,000.

Fight with a Burglar.

New York, March 8.—After a vicious fight with four policemen, during which he nearly disabled all the officers with a heavy "jimmy," a giant burglar, who gave the name of John Bowdoin, was arrested today at the home of John Fox, president of the Democratic Club. Mrs. Hogan and Mrs. Catherine O'Brien, in charge of the house while Fox is in Europe, were awakened by the burglar alarm. They called police headquarters. Four officers were hurried to the house. It took the four to subdue him. His pockets were found filled with silverware. In the dining room was found a large bag filled with silver valued at $25,000.

Woman Suffrage Bill Introduced.

London, March 8.—Mr. Dickinson introduced the woman suffrage bill in the House of Commons today. Only Premier Campbell-Bannerman spoke against the bill. Extra guards were thrown about the parliament buildings today to bar out all trouble-makers. Only women who had sworn to preserve order were admitted to the gallery. A developement of the debate was the bringing out of the fact that many women do not favor woman's suffrage. Petitions bearing the signatures of 21,000 women asking that the bill be killed were presented. Fourteen members filed objections to the measure.

Another Strike Ordered.

Chicago, March 8.—Cornelius H. Shea president of the International Teamsters Union, who returned from Indianapolis has called a strike that may tie up the entire livery and undertaking business of the city and throw 5,000 men out of employment. The strike authorized was against A. B. Perrigo, President of the South Side Liverymen and Undertakers' Association, and a personal foe of Shea. Perrigo testified against Shea in the recent trial of the international president and eleven of his associates on charges of conspiracy. The union claims that Perrigo broke an agreement.

As a result of the recent Interstate Commerce Commission investigation of the Union Pacific it is reported in Wall street this afternoon that action will be brought to compel the Union Pacific to dispose of its Southern Pacific stock and divorce the two corporations.

The Rhode Island Senatorship.

Providence, R. I., March 8.—To day ends the eighth week of fruitless balloting for nited States Senator and with 20 more days of the legislative session left, the democrats are in high hopes that the day of adjournment will witness a failure on the part of the republican majority to elect a candidate.

A race riot is threatened at Altoona, Pa., and the police are taking every precaution so prevent further trouble resulting from the fight today in which three Pennsylvania Railway shopmen were stabbed and a number of Italians badly beaten The trouble was the outgrowth of the snow balling of a number of Italians by a crowd of boys.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 6:22 a. m. and sets at 6:01 p. m. High water at 3:02 a. m. and 3:4 p. m.

Weather Probabilities.

For this section fair tonight and Saturday; light to fresh northwesterly winds.

New Norfolk Line.

It is now said that the new line which will run steamers daily between the Jamestown Exposition, Norfolk, Alexandria and Washington has bought the steamers City of Worcester and C. H. Northam, of the New England Nagigation Company, and the Dreamland, of the Iron Steamboat Company. The two former are night boats which have been running on the Sound. The latter is a day boat, but will be fitted with staterooms at once. As has heretofore been stated, she is the famous excursion steamer Republic, but has been renamed. She has a wooden hull, but the other two are steel boats. All three are big, but the City of Worcester is a marine monester. She is 328 feet long and 2,489 gross tons register. The Northam is 312 feet long, of 1,436 gross tons register, while the Dreamland is 278 feet long and of 1,285 tons register. These steamers have been running on Long Island Sound, and to excursion resorts near New York and are famous for their speed and splendid fittings.

Fugitive Captured.

The negro who was suspected of stealing a stove Wednesday night and who broke away from Officer Sherwood and escaped, was captured last night by Officer Henderson in a saloon in the northeastern section of the city. He had previously been guilty of disorderly conduct toward Nep Penn. It was ascertained that his name was not Joseph Williams, as he had stated to Officer Sherwood, but Benjamin Motley. The darkey was brought before the Police Court this morning when he was fully identified by Officer Sherwood and Charles Griffin, jr. W. W. Simpson, a dealer in second-hand articles, testified that a building in which he keeps stoves was broken open Wednesday night and that he had every reason to believe the stove the negro had attempted to sell to Griffin belonged to him, as he had a number of the same pattern in the building. Motley was sent to jail for 90 days.

A Variety of Weather.

There was a variety of weather last night—rain, sleet, thunder and lightning. After the snowfall had ceased yesterday, the wind blew cold and raw from the southeast and the heavens continued threatening. Conditions were unchanged after dark, and shortly before two o'clock this morning there was a vivid flash of lightning, followed by a heavy peal of thunder which awakened most people in the city who had previously fallen asleep. There were also other flashes of lightning and heavy thunder, after which there was a copious fall of rain which was followed by sleet. Dispatches from different points in Virginia show that similar meteorological conditions prevailed in other sections of the State during the night. The weather became fair and mild today, and a general thaw has been in progress.

Begin the Campaign.

The first meeting on the stump of candidates for the democratic congressional nomination in the Eighth district took place yesterday at King George Court House. All were present except Mr. Ryan. Mr. Gordon spoke first, and was followed by Judge Nicol and Mr. Carlin. Judge Nicol aroused Mr. Gordon by criticising his course as a member of the constitutional convention. Mr. Carlin spoke pleasantly of his opponents, the crowd applauding his remarks. A report from Fredericksburg says from present appearances Carlin is in the lead in Stafford county. Gordon seems to have some little strength, as has Nicol, while Mr. Ryan is unknown there. A large crowd listened to the speakers.

Presbyterian Church Notes.

Mr. S. Frederick Smith, the talented professor of the Washington College of Music, will preside at the organ Monday night at the Second Presbyterian Church when Hon John Barrett will deliver his address on the New South America and its relations with the United States. All men are invited to attend this meeting which will be given by the Presbyterian Brotherhood. No charge for admission.

Rev. J Ernest Thacker, of Norfolk, formerly pastor of the Second Presbyterian Church of this city, spent Thursday night in Alexandria, the guest of Mr. G. B Kennedy. Mr. Thacker is going east in the interest of the Presbyterian building which is to be erected at the Jamestown Exposition.

Death of a Contractor.

Joseph A. Kidwell, of Robey, Fairfax county, died at his residence on Thursday morning at 8:30 o'clock. Mr. Kidwell was a well known contractor and builder both in Washington and Fairfax. He erected several of the larger buildings at the District Alms House opposite this city, and also had control of the work on the new police court building in Washington. He had done much to dvelop his section, having built and sold several houses at Robey, where he conducted a store and saw mill. He was widely known and deservedly popular. He is survived by a wife, daughter and son.

Designed by Miss Clements.

Miss Ruth Clements, daughter of Mr. James E. Clements, superintendent of public schools in Alexandria county, has designed a beautiful poster for the Southern Railway, representing the landing of Captain John Smith and his companions at Jamestown Island. The Princess Pocahontas stands near the shore line with a big tree and hills in the background. A large number of these posters have been sent all over the South. Miss Clements, who is now pursuing her art studies in Europe, expects to contribute to the art gallery of the exposition.

Night School.

The night school under the auspices of the W. C. T. U. is being held on Tuesday and Friday evenings each week in Christ Church Parish Hall. The superintendent, Miss Faunie Burke, will be pleased to meet all the scholars regularly, also all the teachers to assist in the teaching.

School Board.

At the monthly meeting of the City School Board, held last night, there were present. Capt. Herbert Bryant, chairman, and Messrs. Thompson, Stabler, Yates, Ramsey, Thomson, Bradshaw, Carne and the Superintendent.

The clerk reported that the request made to the City Council for appropriation of $100 to defray the expenses of an educational exhibit at the Jamestown Exposition had been complied with.

Mr. Yates reported that slight repairs to one of the furnaces in Washington building had been made at small cost; also that a floor in Seaton building needed repairs; this work, however, could be deferred till the summer recess.

In response to the application of a teacher for increased pay Mr. Thomson reported that the finance committee could not recommend any increase during the present session.

The Superintendent reported that the State Board of Examiners would hold their next meeting in this city commencing on Monday next and continuing during the week, and at their request there would be a teacher's institute on Friday, the 15th inst. The teachers of Alexandria and Fairfax counties would be present and he would give the city teachers holiday on that day in order that they might attend the institute. He had secured Odd Fellows' Hall for the meeting and the Fairfax school trustees had appropriated $30 toward the expenses of the meeting and had requested this board to pay for the rent of the hall, etc.

The Superintendent stated that on Friday night, the 15th, there would be a public meeting in the Baptist Church, to which the members of the board had been invited; several addresses would be made and an interesting programme, with music, would be carried out. The examiners would be among those who would make addresses.

The chairman stated that he had received a letter from Mr. Maphis, the examiner for this district, who had expressed the hope that the members of the board would attend the meeting and make addresses.

An appropriation to pay for the necessary expenses attending the meeting was made.

The Superintendent also stated that his attention had been called by residents of the neighborhood to the disorderly behavior of the boys going to and from school. He said he had been told that the conduct of the white boys was more reprehensible than that of the colored boys, as the former seemed to bring about the various collisions which occur between them.

Several members expressed their views concerning the bad behavior of the school boys on the street and it was the concensus of opinion that the police authorities should take the mattor in hand and make examples of the offending boys.

W. C. T. U.

Mrs. Kate Waller Barrett, of this city, will lecture in the Southern Methodist Episcopal Church on next Thursday evening, March 14th. Mrs. Barrett being such a highly cultured woman, and an elequent speaker, all who attend can be assured a pleasant and profitable evening. The Woman's Christian Temperance Union not only propose to furnish rest rooms for the pleasure and convenience of the visiting public at the Jamestown Exposition, but those having the work in charge will engage in the work of prevention and cresne, therefore the rooms at the exposition are a safeguard to those who visit there during the exposition. No admission fee to the lecture will be charged. A collection will be taken up.

Requisition Issued.

Governor Swanson yesterday issued requisition papers for William Johnson, alias George Midgets (colored), who is wanted in Alexandria for killing Charles T. Smith, on upper King street, on Saturday night, October 20, 1906. Johnson is now held in Harrisburg, Pa. The requisition papers were received this morning by Commonwealth's Attorney Brent, and Mayor Paff later detailed Officers Ferguson and Roberts to proceed to Harrisburg and bring Johnson to Virginia. The officers left here at 10:50 this morning.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Benjamin Motley, colored, arrested by Officer Henderson charged with stealing a stove and resisting an officer, was sent to jail for 90 days.

Josephine Cole, colored, arrested by Officer Talbot for drunken and disorderly conduct, was fined $2.50.

Cora Davis, colored, arrested by Officers Beach and Young charged with assaulting Bessie Brown, colored, was fined $5.

Old Tickets.

Mr. Samuel Park, a conductor on the electric road, gave to a representative of the Gazette today two of the old tickets used on the street cars in this city in 1873. At that time a horse car line ran from the foot of King to Peyton street and then south to the Stone bridge at Duke street. On one side of the tickets is printed "Alexandria Passenger Railway Company" and on the other side "King and Peyton streets." The tickets were purchased by Mr. Park's father, the late Philip Park, and are now real curiosities.

Church Officers.

At the annual meeting of the members of the Methodist Protestant Church held Wednesday night, Mr. John H. Trimyer was elected delegate to the annual conference to meet in Washington, D. C., next month, and Mr. Harry Hammond was chosen as alternate. Stewards for the ensuing year were elected as follows: John Summers, Charles H. Jett, Charles Kell, Edgar Lyles, Charles Hantzmon and J. H. Trimyer.

Family Theatre Has Good Show

The picture exhibition at the Family Theatre this week is composed of some very good subjects, including a great many comic selections. The two best subjects are "The Moon Lover" and "The Living Flowers." Two songs were well rendered by Tom Moore They were beautifully illustrated, especially "Way Down East." Attacked in a Store.

Mr. Wm. B. Dobie, who conducts a store at the northwest corner of Wilkes and Fairfax streets, was assaulted yesterday afternoon by Harvey Struder, a resident of the neighborhood, and painfully injured. It appears that the proprietor of the store had endeavored to induce Struder, who was asleep, to leave, as the former was about to close the place, when Struder attacked Mr. Dobie, painfully injuring one of his eyes. The latter in defense picked up a poker and struck Struder on the head, inflicting a scalp wound.

MEDICAL OPINIONS OF

BUFFALO LITHIA WATER

Experience "Fully Demonstrates the Value of Buffalo Lithia Water as a Solvent of Uric Acid, and a Valuable Therapeutic Agent in the Treatment of Gout."

L. H. Warner, A. M., Ph. G., M. D., Brooklyn, N. Y. In a paper entitled "The Treatment of Gout, Uric Acid Diathesis and super-induced Cystitis in the cases of two idiosyncratic Patients," gives full clinical notes of these interesting cases, and in a lecture before the recent meeting of the Alabama Medical Association showed stereopticon views of the blood and urine of these patients in different stages of improvement. He says: "My former good results from the use of **BUFFALO LITHIA WATER** in cases of Rheumatism due to Uric Acid intoxication led me to suggest this agent to my patients. The use of nitrogenous foods was restricted and a full half gallon of **BUFFALO LITHIA WATER** per day was ordered to be taken. I was more than surprised at the amount of Uric Acid sand eliminated with each urination, and three weeks from the beginning of treatment not a trace of the former cystitis existed, **BUFFALO LITHIA WATER** as the only medication used, we find and in four months, with an increase of 5% Hæmoglobin, 200,000 red cells and a normal count of white cells, while the urine appears without any pathological factors. These cases fully demonstrate the value of **BUFFALO LITHIA WATER** as a solvent of Uric Acid and a valuable therapeutic agent in the treatment of Gout."

"THE MOST RELIABLE SOLVENT IN CHRONIC INFLAMMATION OF THE BLADDER AND RENAL CALCULI."

Louis C. Horn, M. D., Ph. D., *Professor of Diseases of Children and Dermatology in Baltimore University,* writes: "Having used **BUFFALO LITHIA WATER** in my practice in the past eight or nine years, I find it the most pleasant and most reliable solvent in Chronic Inflammation of the Bladder and Renal Calculi; also in gouty and rheumatic conditions. It is a remedy of great potency."

"UNDER A DEBT OF GRATITUDE TO THIS MOST EXCELLENT WATER FOR WONDERFUL RELIEF."

Wm. C. Wile, A.M., M.D., LL.D., *of Danbury, Conn.,* reports the following (*New England Medical Monthly,* December 15, 1888): "In a recent outbreak of Nephritic Colic in our own person, **BUFFALO LITHIA WATER** was speedily cut the attack, under the use of **BUFFALO LITHIA WATER**, short, the stones quickly passed, and the debris which followed showed a thorough cleaning of the kidneys and bladder of all foreign substances. All of the reflex symptoms and sequelæ were promptly relieved, and we feel under a deep debt of gratitude to this most excellent Water for wonderful relief."

Voluminous medical testimony on request. For sale by the general drug and and mineral water trade.

POINTS OF DIFFERENCE.

Public and Private Methods Contrasted—Organization vs. Aggregation.

One controlling economic reason for opposing public ownership is that every individual in society prospers just in proportion as industry gets the best there is in human capability. On the other hand, government control and direction never get and in the nature of things never can get all there is or the best there is in human capability.

Now the government may compete with private enterprise in getting capable men, but it has not thus far shown anything of the capacity of a private enterprise to assign the right man always to the right place. The agency which in private enterprise succeeds so generally in eventually landing in the right place the right man is not simply good intention or mere intelligence, but the intelligence and intention which constantly study the enterprise in hand, which make it the one affair in life, constantly thought of and planned for—an intelligence and intention, too, which are themselves as nearly as possible permanent. That kind of seeking out and watchfulness few government departments possess. The men in charge of government departments may be intelligent and well intentioned, but they are in today and out tomorrow. The thing under them is not their child. They never, as a matter of fact, get their hands and their minds fully into the work.

Nor will civil service change this. Civil service examinations may secure capable men, but no civil service examination can assign the right man to the right place, can pick out of the thousand capable men just the kind of capability that is fitted to this place and just the kind that is fitted to that. Indeed, between government control and private control the difference in that respect is almost the exact difference between what we call true organization and what is the merest aggregation, for in private enterprise each man has come by a process of attrition to the place he is best fitted to fill, while in government employment each man is dropped into his place irrespective of special fitness and under civil service is riveted there.—Hon. Peter S. Grosscup in American Magazine.

LITTLE INDIVIDUALISM THERE.

Why Public Ownership Is Popular In European Countries.

In Europe governments are largely paternal because of the lack of individualism. The very helplessness of the people fosters and necessitates paternalism. That is why national and municipal governments operate public utilities. Under a monarchy, for that reason, the tendency of the people is naturally toward socialism.

The phenomenal growth and prosperity of the United States have been attained without either paternalism or socialism. Compare the condition of the people here, their better living, their comfort and happiness, with the condition of the people of the nations of Europe, and there is only one conclusion—that is that for us individualism is the state policy, and we do not have to borrow the institutions of foreign nations created by a need from which we are free. It is just because of our individualism that socialistic institutions and co-operative schemes never prosper here.—Newark (N. J.) Advertiser.

Officials Already Overloaded.

A third general objection to government agency rests on the principle of the division of labor. Every additional function undertaken by the government is a fresh occupation imposed on a body already overcharged with duties. A natural consequence is that most things are ill done, much not done at all, because the government is not able to do it without delays which are fatal to its purpose; that the more troublesome and less showy of the functions undertaken are postponed and neglected, and an excuse is always ready for the neglect, while the heads of the administration have their minds so fully taken up with official detail, in however perfunctory a manner superintended, that they have no time or thought to spare for the great interests of the state and the preparation of enlarged measures of sound improvement.—John Stuart Mill.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

Health in Canal Zone.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters—who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. S. Leadbeater & Sons, druggists 50c.

Little globules of sunshine that drive the clouds away. DeWitt's Little Early Risers will scatter the gloom of sick headache and biliousness. They do not gripe or sicken. Recommended and sold here by W. F. Creighton & Co., 401 King street.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.
